WHAT IS IT?

The internship is a leadership development pathway where aspiring and emerging leaders of all ages can broaden their experience of leadership while deepening their discipleship, exploring leadership ideas, and living out an adventurous faith.

WHO CAN DO IT?

The internship is designed for people who are wanting to take next steps in their discipleship and leadership journey, whether in church ministry or as Christians in their everyday contexts. It is open to women and men of all ages from Baptist Churches across SA & NT.

HOW DOES IT WORK?

Interns will gather for engaging modules to learn from experienced practitioners, work alongside a Leadership Coach, meet with a Spiritual Mentor, and journey alongside other interns. Interns will also read four books together, be encouraged to imagine and try new opportunities in their local church, engage in their neighbourhood, and explore new ideas and contexts.

LEADERSHIP COACH

Interns will need to find and meet with an experienced Leadership Coach - ideally a Recognised or Accredited Pastor in our Baptist movement - who will help you as you reflect on ministry and practice in your local context. Together you will develop and journey with a learning covenant as you sharpen your skills, broaden your experience, and stretch capacity and thinking about your ministry practice.

SPIRITUAL MENTOR

Interns will also need to find and meet with a Spiritual Mentor who will read the Bible with you, share in life and prayer, and dig deeper into what is happening in your heart and mind. This person will need to have walked the road of following Jesus longer than you and be someone you can look up to in life and discipleship.
